

Wentworth Falls Garden Club Inc.

Affiliated with The Garden Clubs of Australia Inc.

9th September 2021: Edition No 350

We acknowledge and respect the traditional custodians of this land: the Darug and Gundungurra people.

From the President.....

For eighteen months we have been sorely tested; we have been given much to think about, much to be thankful for or much to question. For some it has brought out forgotten weaknesses and unknown strengths. But nature just keeps on “keeping on”, thankful for the seasons, and delighting us with seasonal explosions or brilliant colour or quiet calm.

As I look out my window, I see a Magnolia bursting into bloom, daffodils still standing strong even after gusty westerlies would have them otherwise, and a half-chewed hyacinth struggling to survive after possibly a possum attack.

As this edition of the newsletter states, nature isn’t “locked down”; it remains a constant source of wonder, pleasure, toil and leisure. If nothing else, this lock down has given us time to contemplate the dedication of those dealing with COVID on a daily basis and how they faithfully remain serving the community, putting themselves at constant risk. In some small way too, Wentworth Falls Garden Club, plays its part. It too is dedicated to keeping alive the infectious wonder of gardening, the pleasure of dialogue and the coming together for a single purpose to talk about a common interest. These enjoyments we sometimes take for granted have been cut short, but not forever. I urge you to keep on “keeping on” and if you haven’t already done so, to pay your subscription and to vote in the AGM. The club is nothing without your support.

I predict things will be different in 2022, albeit under a different regimen carefully thought out by the Committee. We need you, the membership, to continue to support the organisation. It is a wonderful thing to be united in the interest of gardening and all it has to offer, so I remain optimistic and look forward to chatting with you over Christmas Lunch in December, and an exciting new start in 2022.

Janice Light

Garden Tips

If you are looking for plant information, you can go to the Garden Tips page on our website. For example, this page on [Bird Attracting Natives for your Garden](#)
