## *A message from the President.....*

We start February 2022 with renewed optimism now that the virus is slowly coming under control and the promise of regular general meetings in the hall is guaranteed without interruptions. Many tales will pass between members as we speak of the hard work after such heavy rains; did you make any headway getting the explosion of growth under control, and then disposing of the rubbish?? What about the weeds, dare I mention oxalis, dandelions, and shamrock!! But they'll have to wait as we enjoy the "Pub Trivia" that will end the February meeting. All will be revealed on February 10, but in the interim Carol Conway, who devised this brilliant idea, would like lots of questions and of course the answers on all things to do with gardening. Please bring along type written Q&A trivia on NATIVE PLANTS, TREES & SHRUBS, HERBS, FLOWERS, MISCELLANEOUS and give them to Carol. Members will form groups of four or five, decided during morning tea, and the group with the most correct answers will share a prize.

In the meantime, a year of interesting speakers, a few events, lots of camaraderie, gardening hints and professional advice is definitely on the cards for 2022. It's time we got back to normal; it's time to break out, so accordingly we'd like members during the "My Garden" segment to share stories by showing photos of "what's been happening in your vegie patch", "the abundant beauty of your flowering tree", or your favourite spot in the garden. Rest assured that the Committee has put in place strategies to keep everyone safe, so come along, join us, let's start 2022 with renewed confidence and the certainty that gardening is cheaper than therapy and you might even get some delicious tomatoes.

*Janice Light*

Ronah is stepping down from her role as Morning Tea Coordinator but she's not riding off into the sunset. Her role will be taken up by Barbara Fox, assisted by Jocelyn Dorrough. Thank you, Ronah, for arranging all the yummy morning teas. Ronah is now assisting Janice to organise events for us.
